

Features and Specifications

- NTEP approved 94-092A1
- Above ground or pit installation
- 5,000 lb. scale capacity
- 150% end load capacity
- 3-1/2" nominal scale height, adjustable
- 48" x 48" deck dimension
- Laser cut 3/16" steel tread plate deck
- Structural channel sub-structure
- Top access junction box
- Two-part paint system
- 4K capacity, plated tool steel cells
- B-TEK Level-Flex rubber feet
- NEMA 4 sealed fiberglass junction box
- 4-Cell signal trim summing card

SCALES LLC

4 SQUARE

The B-TEK 4-Square low-profile floor scale offers quality construction and components at an affordable price-point. The 4-Square is built to meet the requirements of light industrial and commercial business applications.

The quality construction starts with a heavy structural channel sub-frame topped with laser cut diamond tread plate decking. This combination forms a tough, rigid platform. Plated tool steel load cells are used in conjunction with a top access watertight FRP junction box. Level-Flex rubber feet are fully height adjustable and provide a stable base with flexibility to compensate for imperfect mounting surfaces. For lifting convenience, a threaded eyebolt hole is located in the center of the platform.

EXPERIENCE. B-TEK Scales has a proud history that reaches back further than its 1994 inception. With multi-generational trade experience, the B-TEK team brings over 75 years of industry know-how to the table. That long-term knowledge of the weighing industry enables B-TEK Scales to focus on bringing new and innovative solutions to our truck scale customers.

TECHNOLOGY. In 2003, to continually improve the technology B-TEK Scales offers its customers, B-TEK announce a joint venture with the Bilanciai Group of Modena, Italy. Bilanciai Group manufactures more than 2,200 motor truck scales per year, worldwide. Bilanciai Group's advanced manufacturing techniques and scale technologies, in conjunction with B-TEK Scales' outstanding truck scale product lines, yields many advantages that B-TEK's competitors can't offer. The B-TEK and Bilanciai Group joint venture is headquartered in Canton, Ohio USA.

EXTENSIVE PRODUCT LINE. B-TEK Scales offers an extensive line of eight styles of motor truck scales spanning across all industry applications. From agricultural to industrial steel, coal and aggregate applications, B-TEK Scales offers a variety of scale solutions for a wide range of budgets and requirements. B-TEK Scales has the ability to manufacture full electronic digital, analog and electro-mechanical motor truck scales.

CUSTOMIZATION. B-TEK is proud to be known for its ability to manufacture custom scale platforms. From non-standard sizes to retrofitted components, B-TEK's commitment to quality and service will deliver a product that fits seamlessly within our customers' current configurations.
